

Best Practice

Title of the practice:

Women Empowerment through Women Entrepreneurship

The objective of the practice:

To provide training to the girl students about different skills like Dress making, Beauty care, Nail art, Cake making, Fashion Designing, etc with the help of which they can start their own business.

Context:

Girl Students from this area have lots of skills but they are not aware of them. They don't know that they can utilize these skills for their employment. Our aim is to provide training to such girls and to make them self-reliant through their own business.

The Practice:

We have MoU with All Gujarat Women Organization Shaktimanch, Ahmedabad, Gujarat. They will provide training to our girl students. This organization will provide trainers and other human resources. Our college just needs to provide students and infrastructure.

Evidence of Success:

This year two courses have been completed : 1) Chocolate Making 2) Beauty Care. Total 102 girls participated in this course. They have successfully completed the training and they are capable and confident enough to start their own business.

Problems Encountered and Resources Required:

No more problems encountered, but it is difficult to convince girl students to enroll themselves for such course. Their goal is to get government job or any permanent job in any private company. Preparing them for any such training is a difficult task.

As far as resources are concerned, the institute needs to have a hall with sufficient seating and open space for work. Other resources are provided by the organization.
